

The Iranian Institute of  
Welding & Non Destructive Testing

Malek Ashtar University  
of Technology

# 5<sup>th</sup> International Conference on Welding and Non Destructive Testing (ICWNDT 2023)

March 1-2, 2023 , University of Applied Science and Technology,  
Cooperation Organization of Isfahan Province Municipalities, Isfahan, Iran

**Iranian Institute of Welding and Non Destructive Testing (IWNT)** is honored to host the “**5th International Conference on Welding and Non Destructive Testing** “ in cooperation with the **Malek Ashtar University of Technology** on **March 1-2, 2023**. It is one of the leading international conferences for presenting novel and fundamental advances in the fields of welding science and engineering and Non-Destructive Testing.

The conference aims at providing a forum is for the scholars, engineers and students from the universities and industries all around the world to present their ongoing research activities, share their latest scientific and technical findings, exchange new ideas and application experiences, establish business or research relationships and find global partners for future collaboration. Workshops, exhibitions and panel discussions as well as technical and photography competitions will be held by intellectuals and experts in academia, industry and related organizations alongside the conference.

**Conference Topics** include, but is not limited to:

- Additive Manufacturing Science/ Technology
- Welding Metallurgy/ Technology
- Brazing / Soldering / Lead-Free Solders
- Microstructure / Properties / Performance
- Simulation / Automation / Machine Learning
- QA/QC/NDT/Inspection/HSE
- Consumables / Equipment
- Simulation / Automation
- Training/Qualification/Certification/Standardization

## **Paper Submission**

Prospective authors are invited to submit full original research papers in electronic format according to the conference paper submission guidelines as set out at <http://www.iwnt.com/icwndt2023/en.docx>.

Paper submission will be done electronically via the conference website.

All submissions will be refereed for quality, originality, and relevance by the Scientific Committee. The official languages of the conference are Farsi and English. Papers may be written in either language. Each accepted paper must be presented in a language conforming with that of the submission.

Submissions must not have been submitted to or published in another conference or journal before the review notification date of the conference. Accepted submissions may not be published in another conference or journal.

## Conference Proceedings

All accepted and registered papers will be made available as on-line Conference Proceedings.

## Important Dates

- Full paper submission: 25 January 2023
- Acceptance notice: 8 February 2023
- Registration deadline: 16 February 2023

For further information or questions, please contact conference secretariat ([info@iwnt.com](mailto:info@iwnt.com)) or conference scientific committee chairman (Dr.M. Erfanmanesh , [erfanmanesh92@gmail.com](mailto:erfanmanesh92@gmail.com) , Dr. M. Barekat, [masoodbarekat@yahoo.com](mailto:masoodbarekat@yahoo.com)).

## Committees

### *Conference Chairman:*

Eng. A.Adabavazeh , Iranian Institute of Welding and Nondestructive Testing

### *Scientific Chairman:*

Dr.M. Barekat , Malek-Ashtar University of Technology

Dr. M. Erfanmanesh , Malek-Ashtar University of Technology

### *Executive Committee:*

#### *• Executive Head:*

Dr. N.Adabavazeh , Iranian Institute of Welding and Nondestructive Testing

#### *• Executive Manager:*

Eng.A.Khayyam , Iranian Institute of Welding and Nondestructive Testing

## Registration Fee

Author Registration with Full Paper Euro 100 per Paper.

Registration fee includes admission to all the online technical sessions and access to the conference proceedings.

For methods of registration payment please contact the conference secretariat ([info@iwnt.com](mailto:info@iwnt.com)).
